

## Central New York Dressage & Combined Training Association

### **New Vaccination Requirements for CNYD&CTA Clinics and Competitions**

**In effect as of April 21, 2021**

To all members past and present, due to the encroaching spread of Equine Influenza and Equine Herpes Virus (Rhinoneumonitis), CNYD&CTA will be requiring proof of these vaccinations within six months prior to the event (along with Rabies and Coggins) for those submitting entries to CNYD&CTA clinics and/or competitions.

It is recommended that vaccines be administered by a veterinarian and documentation be submitted along with the proof of Rabies vaccine and Coggins test within 1 year. In the case of vaccines administered by a person other than a veterinarian, the exhibitor should provide a receipt of the vaccine purchase signed by the owner which contains the name, serial number, and expiration date of the vaccine; and date of vaccine administration. (For all vaccination proof, paper copies are requested along with the entry form - no scans or text images.)

If questions, please contact the secretary of the event to which you are submitting an entry.

Thank you for doing your part to keep our horses safe!
